

March 2018

Dear Parents and Carers,

Re: Maths Revision

I am writing to advise you that all Year 11 pupils will be receiving a Maths Revision Resource folder to support them over Easter and in the run up to the exams.

The folder contains a revision list, websites and practice papers to work through.

As in Year 10, the assignments will become homework over the coming weeks and the schedule for when each one is due is also inside the folder.

Please encourage your son/daughter to utilise the folder and to complete the assignments on time every week. This will form the basis of their exam revision in Maths and will enable us to support them in the best possible way in the interim period.

Thank you for your continued support.
